

Pollinator Types & Their Favorite Plants

Pollinator	Preferred Flower Types	Best Plants	Extra Habitat Tips
 Bees	Open, flat, or tubular blooms	Lavender, sunflowers, thyme, clovers	Provide bare soil & bee hotels
 Butterflies	Bright landing blooms, nectar-rich	Milkweed, zinnias, phlox, cosmos	Include host plants for caterpillars
 Hummingbirds	Tubular, red/orange flowers	Bee balm, salvia, trumpet honeysuckle	Add perches & shallow water
 Moths & Bats	Night-blooming, fragrant flowers	Evening primrose, jasmine, passionflower	Reduce outdoor lighting nearby
